J. H. Laute, Esq.,

114 Fourth Street,

Lethbridge, Alta.

Dear Sir:

I am afraid that the certificates that you hold would not be accepted by the Committee on Admissions into the University of Toronto. All that we can accept is the matriculation examination into the University of Alberta provided the standards in marks and subjects are the same as our own. Without such preparations you would find yourself in difficulties in undertaking one of our degrees. If you expect to be a medical missionary would it not be better for you to prepare for full matriculation and take a regular medical course. The double course for B.A. and your medical degree would be very long and very heavy. Quite the most satisfactory way is to clear everything off at the beginning ; in fact the Faculty of Medicine has laid this down as a rigid regulation.

Yours sincerely,

President.

My dear Sir:

Miss Winifred Cullis, as you are aware, has been lecturing in the University of Toronto during the spring term of this year, and as the period for which she was good enough to come to us is nearing its close I wish to make arrangements for her to return to England. Miss Cullis told me that you were so kind as to say that when she wished to return to England you would make arrangements for her to secure a passage on one of the best steamers from New York. I am writing to the Secretary of State at Ottawa asking for permission for Miss Cullis to leave Canada. Perhaps you could inform me whether I should also secure permission from Washington ?

Might I ask you also about what date towards the end of this month you can secure a passage for Miss Cullis from New York ?

Yours sincerely,

Mr. Lamont,

New York.

Dear Sir:

In the absence of President Falconer I would advise you to write direct to General Gwatkin, Chief of Staff, Department of Militia, Ottawa, for a man to give instruction for you next winter. The returned invalided men are under the Militia Department, and President Falconer has already interviewed General Gwatkin regarding the filling of such positions.

The Reverend the Rector of the University of Laval,

Quebec.

My dear Rector:

I have to thank you for the copy of "L"Enseignement secondaire au Canada" with the article "L'anglais dans nos seminaires et nos colleges" which I have read with very much interest. I am glad to know that English is receiving so much attention in the schools which are under the supervision of Laval. I have long been endeavouring to emphasise the need that the people of Ontario should understand French well.

With best wishes for the New Year,

I am,

Yours sincerely,

President.

C. C. A. Lindsay, Esq.,

Toronto.

Dear Mr. Lindsay:

I am indebted to you for your letter enclosing your new pamphlet on "Self-government in Canada" which I hope to read soon, and the editorial from "The Weekly Sun" which I had not seen. Presently the writer must have got a longer report of what I said at the Republican Club last week in New York than I have been able to get. I have not yet published what I said in New York nor have I a manuscript in such form as that I could send it to you. It is possible that I may get it in manuscript form before very long and if so I will gladly let you have the reading of it, if it is not too late for your audience.

Yours sincerely,

President.

Mr. W. S. Lloyd,

Librarian, Cleveland Plain Dealer.

Dear Mr. Lloyd:

I have to thank you very much for your kind letter together with the clipping from "The Plain Dealer" of the article by Mr. N. P. Rose. I may assure you that we greatly appreciate the kindly words of Mr. Rose about the work of the Canadian Universities in the war, and are glad to know that you are pleased with the Special Varsity Supplement. We have of course suffered a great deal in the last four winters, but our people are not yet war weary, and we have settled down with dogged patience to carry the thing on cheered immensely by the fact that you are now standing by our side and are throwing such immense resources and manpower into the struggle knowing that your coming in must determine it finally in the right way.

With kind regards, I am,

Yours sincerely,

President.
